

MEMORANDUM OF NOTIFICATION –

REGISTRATION OF THE SOCIETY FOR CLINICAL DENTAL TECHNOLOGY AS A NON PROFIT COMPANY:

COMPANY REGISTRATION NUMBER: **2016 / 495890 / 08**

This memorandum serves to inform that on 18 November 2016, The Society for CDT had been registered as a Non Profit Company and certificates of incorporation issued by the Commissioner of Companies and Intellectual Property Commission at the Department of Trade and Industries (dti), in terms of the Companies Act, 2008. As the voice for CDT in South Africa, the primary purpose of the SCDT remains to be an Advocacy NGO; to promote the cause of Clinical Dental Technology (Denturism) and to establish the profession in South Africa.

Signing of the Non Profit Incorporation certificates and documentation by Duffy Malherbe (Secretary), Oliver Meier (President) and Mike Devoti (Treasurer)

This simply means that we have become a legal entity, separate from the individual members that provides certain benefits to our members in terms of the law. Registration under this Act provides protection to Executive members during the execution of their duties towards reaching the goals and objective of The Society. Although non-profit companies may engage only in very limited political advocacy, advocacy efforts may occasionally draw a non-profit company into an unwanted lawsuit. Incorporating can support directors and officers in defending the lawsuits and protect them from personal liability.

A non-governmental organization (NGO) is a not-for-profit organization or charity, which are usually funded by donations but some avoid formal funding altogether and are run primarily by volunteers. Individual Executive members shall not personally be held liable to debts and liabilities and certain other charges of the Association. Furthermore, The Society is a non-profit generating entity and all moneys accrued through membership subscription, grants, donations, and service rendered belong to the Association, and can only be used towards achieving the objectives of the Association.

The Incorporators appointed in terms of section 66(7)(b) of the Companies Act as Initial Directors, are:

- DF Malherbe 5412175007089 Secretary
- BO Meier 6608015053089 President
- MJ Devoti 7103255070083 Treasurer

The Registration Certificate, Notice of Incorporation and the Memorandum of Incorporation issued by the Commissioner of Companies and Intellectual Property Commission at the Department of Trade and Industries (dti), together with the Minutes of the inaugural meeting of the Incorporators, are held on file by the Secretariat and is available for inspection by members of the SCDT.

Duffy Malherbe
SECRETARY

The Society for CDT Non Profit Company 2016 / 495890 / 08
Affiliated member of the International Federation of Denturists (IFD)
